Press Release

Funky fabulous favours from The Last Detail

The stress of organising a wedding can send even the most sane person round the bend. Before you know it you're finalising the seating plan, struggling to decide which friends should sit next to drunk, old uncle Frank and if that isn't enough, you have still to choose the table decorations to match your dress!

www.thelastdetail.co.uk specialises in colour co-ordinated table decorations that can make your wedding perfect with the added bonus that everything can be ordered by the click of a button.

The Last Detail provides a clean, uncluttered online shopping experience with beautiful illustrations of how the accessories can look. The easy-to-use, secure website offers a huge choice of high quality, stylish wedding merchandise which will be delivered on time, even if you're getting married this weekend!

For this season's 'must have' looks finish off your gorgeous favour boxes with stunning butterflies or sparkling jewels, available in a range of vibrant colours.

To create a dramatic impact pick black favour boxes with white or silver jewels placed on top. To ensure they go down a treat and create a lasting impression fill the boxes with delicious silver chocolate hearts.

Keeping children happy at a wedding can be a big challenge but filling a fun favour box with sweets will definitely help provide a distraction. Choose from clowns filled with dolly mixtures, or Disney characters holding tasty chocolates – these are sure to make the little ones feel special too.

To make the shopping process as stress-free as possible, The Last Detail aims to deliver all products within 7 working days.
